Logo	Certificate Name	Duration	Brief Description
	<b>Project Management Professional (PMP)®</b>	5 days	<p>The Project Management Professional credential is recognized as the universal standard of the profession. In this course, you will gain skills to help you prepare for the PMP® exam and ace it. Through this training you will learn essential PMBOK® Guide (5th Edition) terminologies, tools and techniques. This accredited course from PMI provides you with the 35 contact hours you need to be eligible for the PMP® exam.</p>
	<b>Project Management Professional (PMP)® Bootcamp</b>	6 days	<p>This PMP® training course is designed to prepare PMP® aspirants for PMI PMP® exam through classroom training designed to comprehensively prepare trainees for the PMP exam. If you take our PMP® Boot Camp, you automatically are enrolled in our Exam Pass Guarantee program, Bakkah Inc. guarantees you will pass the PMP® using our accelerated methodology.</p>
	<b>Project Management Professional (PMP)® Workshop</b>	6 days	<p>This training is designed to provide the trainees with hands-on experience by applying the PMP theory on a selected Project scenario, the trainer will serve as a facilitator for the trainees to be able to plan an overall project from scratch according to PMI standards and methodologies. The results will be apparent in the project manager performance after this workshop.</p>

Logo	Certificate Name	Duration	Brief Description
	<b>Program Management Professional (PgMP)®</b>	4 days	PgMP® demonstrates a proven competency to oversee multiple, related projects and their resources to achieve strategic business goals. PgMP credential holders oversee the success of a program, grouping related projects together to realize organizational benefits not available if they were managed separately. It's the perfect fit if you define projects, assign project managers and oversee programs.
	<b>Portfolio Management Professional (PfMP)®</b>	4 days	Portfolio Management helps organizations make decisions about implementing the right changes to business as usual; those changes are delivered via projects and programs. The workshop shows participants how to apply the guidance, giving participants the chance to sit the Portfolio Management Professional level examination.
	<b>Risk Management Professional (RMP)®</b>	4 days	To enable professionals in identifying, assessing and successfully treating risks in all types of projects and capacities including day-to-day work, and to empower them to become internationally recognized and certified as Project Risk Management Professionals based on PMBok (5th Edition).

Logo	Certificate Name	Duration	Brief Description
	<p align="center"><b>Scheduling Professional (SP)<sup>®</sup></b></p>	<p align="center">4 days</p>	<p>To enable professionals to develop skills in the specialized area of developing and maintaining the project schedule. This will prepare individuals for the PMI-SP global credential that acknowledges individuals who strengthen and support project management by offering knowledge specific to project scheduling based on PMBok (5th Edition).</p>
	<p align="center"><b>PMI Agile Certified Practitioner (PMI-ACP)<sup>®</sup></b></p>	<p align="center">3 days</p>	<p>The PMI-ACP recognizes knowledge of agile principles, practices and tools and techniques across agile methodologies. If you use agile practices in your projects, or your organization is adopting agile approaches to project management, the PMI-ACP<sup>®</sup> certification may be right for you.</p>
	<p align="center"><b>PMI Professional in Business Analysis (PMI- PBA)</b></p>	<p align="center">4 days</p>	<p>The number of business analysis jobs is predicted to increase 19 percent by 2022. This research indicates a growing need for professionals skilled in effective requirements management. The PMI-PBA credential spotlights your ability to effectively work with stakeholders to define their business requirements, shape the output of projects and drive successful business outcomes.</p>

Logo	Certificate Name	Duration	Brief Description
